

COLIN'S FUN RUN – 22 JUNE

We set out at 8:00am and arrived at Colin's place rearing to go. Brett was already there. Brooked backed the truck in so we could set up the shelter for the BBQ at lunch time as the weather was rather wet and cold. Colin and Nat arrived, then Bert and Kate with kids in tow. Nathan, Karlos and Bowen soon found the mud and immediately starting playing in it.

When all the drivers were sorted we headed to the first hazard, which Colin had marked out. Bert, with chains on his front tyres as he had bald tyres, was up first – clean sheeted it. Everybody else clean sheeted too, except for Colin – he had to roll. After flipping him back onto his wheels he was off to finish the hazard.

We had ten hazards to do and they were all good ones; plenty of bog holes and trees to run into. After we had completed the first five hazards we stopped for a well deserved lunch – hot sausages and onions in bread, and coffee etc.

After much ribbing and laughing about who did what we got stuck into the last five hazards. In between the hazards the kids decided they were too cold so they stripped off and jumped into the dam to get clean, as they were covered from head to toe in mud.

Well, we all managed to finish all the hazards with no major breakdowns and had a great time. It was good to see the women driving as well. I really enjoyed it; Brooke's going to have a hard time getting back into the driver's seat.

A good time had by all. Thanks Colin for an awesome day.
